School discipline is the actions taken by a teacher or the school organization towards a student (or group of students) when the student's behavior disrupts the ongoing educational activity or breaks a rule created by the teacher or the school system. Discipline can guide the children's behaviour or set limits to help them learn to take care of themselves, other people and the world around them.

Multidisciplinary knowledge is associated with more than one existing academic discipline or profession.. A multidisciplinary community or project is made up of people from different academic disciplines and professions. These people are engaged in working together as equal stakeholders in addressing a common challenge.
