Superstition in India is considered a widespread social problem. Superstition refers to any belief or practice which is explained by supernatural causality, and is in contradiction to modern science. Some beliefs and practices, which are considered superstitious by some, may not be considered so by others. The gap, between what is superstitious and what is not, widens even more when considering ...

Season 1 (main) There is a fifth dimension beyond that which is known to man. It is a dimension as vast as space and as timeless as infinity. It is the middle ground between light and shadow, between science and superstition, and it lies between the pit of man's fears and the summit of his knowledge. This is the dimension of imagination. It is an area which we call the Twilight Zone.
